* 1.2.

Confirm if the participant data collection has been completed as defined in the guidelines on the right.

Yes No [Clear](#)

Researcher will have no further contact with participants for the purpose of data collection or research (e.g. for follow-up or verification). Before the Certificate's expiry date declare that the remaining research no longer requires certification because all data collection procedures described in the previously approved project have been completed.

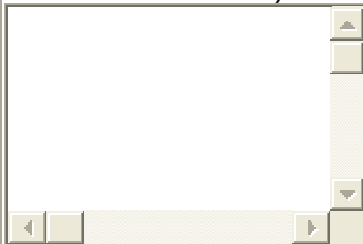

Please note that the researcher is obligated to continue to adhere to all stipulations regarding the use of and confidentiality of the data described in the original application and will not use the data for other research purposes without application to and approval by the UBC Research Ethics Board.

1.3.

Enter the number of research participants who participated in the study at the sites/institutions covered by this ethics approval.

1.4.

Explain the final disposition/storage of all research-related documents and the final disposition of any electronic data. Please note that under UBC Policy #85, all study data needs to be retained for at least 5 years within a UBC facility.

Please note: Once the Completion of Study form is reviewed, the REB will issue an Acknowledgement and the study will

automatically be listed in RISE as "Terminated" and will show under your "Inactive" tab. The ONLY activity available from that point on is a Request for Acknowledgement if needed. The study cannot be amended or reactivated.
